

Dylon did payment integration, tested with strip testing account

Sashi did view reviews, logout, delete review

Hayden did leave_review

Shon email verification, gmail used for sending. Easier than colorado.edu. Challenge getting it to work with test cases

Joe discover page display 100 queries

Tasks for next week

Dylon: payment review integration

Hayden: create listing, small leave review changes

Joe: profile, change username, password, phone

Shon: Admin deletion of users, listings

Sashi: Listing details
